Briscoe Briefs

Staff

The Briefs Staff has worked very hard this year to produce this yearbook. We hope that you will enjoy reading it as much as we have enjoyed putting it together. We wish the Class of '74 the best of luck in B.H.S. and the future.

FACULTY

Administration

Chester Battis
Principal

In a school of Briscoe's size the job of administration is not an easy one. However, this year particularly the school has run smoothly and efficiently. The cooperation between Administration, staff and student has been outstanding.

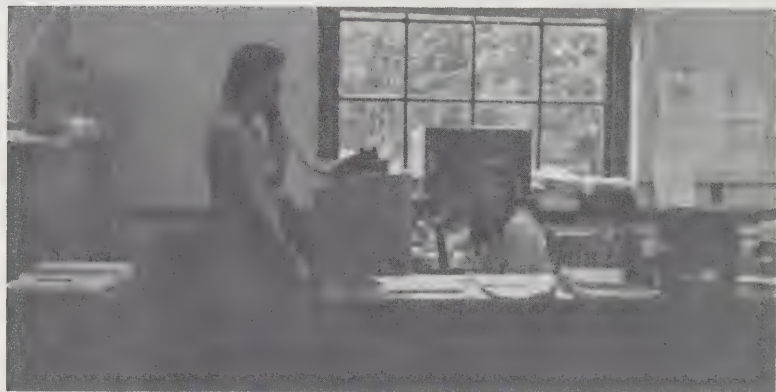

Mr. Battis and Mr. Chandler have been pleased with the progress of Briscoe and the spirit of enthusiasm exhibited by the entire school community. Improvements in the building include the bright new paint on the third floor.

The able and efficient office staff has helped to facilitate this successful year.

Mrs. Pszeny
Miss Laverdiere

Joseph Chandler
Vice-Principal

Guidance

To many a confused or discouraged Briscoe student the Guidance department has proved a haven of understanding and interest in a school as large as ours. The guidance counselors not only help and encourage a student while he is here but also help prepare him for high school and beyond. Many students have found that a heart to heart talk with a sympathetic counselor in the cheery room on the second floor has turned a black day into a good one.

Mr. Sheriff
Mr. Dunn

Mr. Fallon
Mrs. Raymond

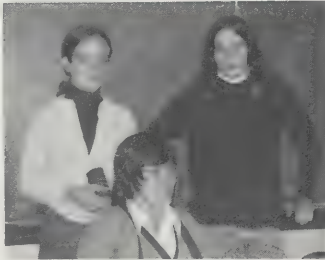

English

The English department has had a good and enriching year at Briscoe in 1974. Creativity in many areas was evident from all classes. The study of literature includes short stories, poetry, drama and novels. Some classes placed particular emphasis on the study of media and the understanding of the newspaper. The video-tape machine was in demand for all sorts of creative enterprizes.

Mr. Bargowski
Mrs. Clarkson
Miss Crowell
Mrs. Della Vecchio
Mrs. Gifford
Mrs. Given
Mr. Coffey

Mrs. Pearse
Mr. Sandman
Mr. Kelleher
Mrs. Podgers
Miss Leadbetter
Mrs. Seal
Mrs. Trudeau

Library

The school library is headed by Mrs. Symonds with the able assistance of Mrs. Salloway. Their help and cooperation throughout the year have made the library facility a great success at Briscoe. Whether browsing for a book, or engaged in serious classroom reports the student will find a pleasant and stimulating atmosphere in the Briscoe Library. Many new books have been added to our collection this year and have proved very popular. The book fair was a success in every way.

Mrs. Symonds

Mrs. Salloway

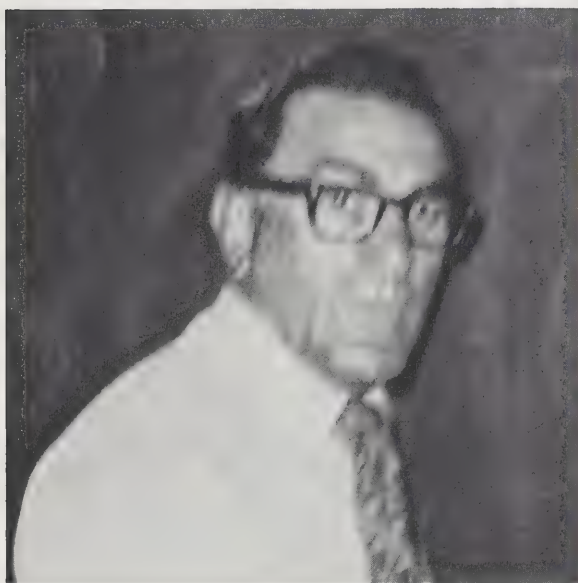

Mathematics

Briscoe's Math department offers many types of mathematics. Some of these include Algebra, Geometry, computer science, and business math. From the math wizard to the student to whom numbers will always be a mystery Briscoe has a course of study for all. The teachers in this important subject spend many extra hours after school giving extra help and encouragement.

Mrs. Alphen
Miss Thomas
Mrs. Atwood
Mr. Loeselle
Mrs. Raymond
Mrs. Small

Mrs. Stillman
Mrs. Stillman
Mrs. Strauss
Mr. Danielian
Mr. Gosselin
Mrs. Amidon

Science

The Science department at Briscoe is staffed by a very competent and able group of teachers. In seventh grade the student receives a firm basis in scientific theory and application. In later grades the courses are divided into a four part curriculum, and the student moves from one teacher to another each quarter. The study of oceanography and geology are included in this program.

Mrs. Robinson
Mrs. Casey

Mrs. Ehst
Mr. Raymond

Mr. Parella
Mr. Pelonzi

Mr. Lucien
Mr. McManus

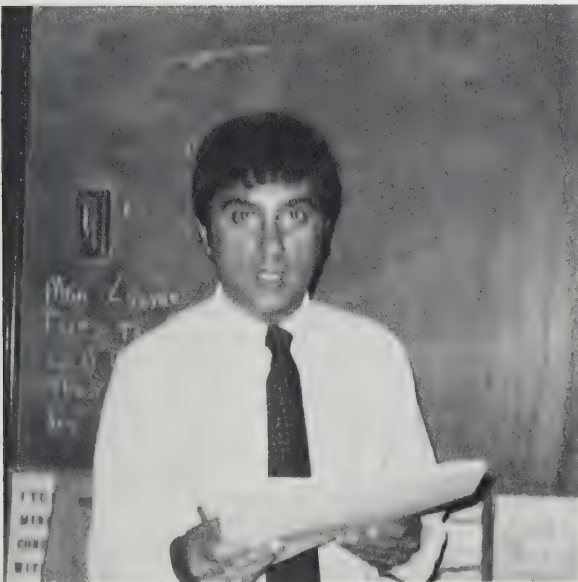

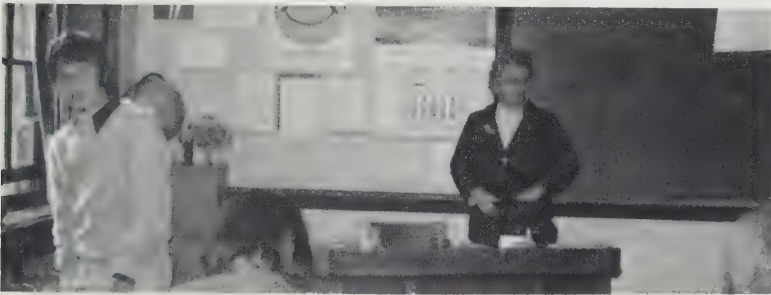

Social Studies

Briscoe offers a full scope in Social Studies to its students. In seventh grade cartography is an important part of the curriculum. In eighth grade we study our own nation, its birth and development. Ninth grade studies encompass European history and culture. The teachers in the Social Studies department use many films and programs to supplement the text.

Mr. Carrol
Mr. Gilligan
Mr. Kelleher
Mr. Rand

Mrs. Guppy
Mr. Mavrogis
Mr. Cutler
Mrs. Bellohusen

Foreign Language

Briscoe's Foreign Language department offers French, German and Spanish. French is offered in seventh, eighth and ninth grades, while Spanish and German are offered as electives in ninth grade. The student not only receives a solid background in the grammar and structure of a particular language, but a understanding of the people and culture of the country in which it is spoken.

Mr. Santa-Maria
Mr. Borge

Miss Gagnon
Mr. Bonniuto

Business

The Business department gives a student a strong background in the things necessary to enter a business career. The typing program in eighth grade is an introductory course in which the student learns the keyboard and other typing essentials, in ninth grade it is extended to speed and accuracy drills and business forms. In Consumer Economics the student learns the value of money and how to use it wisely. This year one of the classes went on a field trip to the Bay Bank and saw how banking really works.

Mr. DeRobertis

Mrs. Provosoli

Physical Education

Physical Education provides an excellent outlet for the energy of many Briscoe students. The program has a wide range of sports and activities. Something for everyone. Some examples are basketball, softball, floor hockey, field hockey, and gymnastics. This year the school has acquired several new pieces of equipment which help to broaden and enlarge the curriculum. The gym teachers have also planned a very active intramural schedule in which all grades are active participants.

Mr. Gniewek
Miss Peebles

Mrs. Leslie
Mr. Sexton

Home Economics

Home Economics is divided into three different areas. Sewing, which is enjoyed by nearly every girl at Briscoe, provides not only useful, well made clothing but an opportunity to be creative as well. Cooking, which is not only taken by girls but many boys as well, provides training in a very useful and creative art. World of Living, a relatively new offering combines many domestic arts in its curriculum.

Mr. Tarricone

Miss Bowman

Miss Hagerman

Industrial Arts

Industrial Arts provides students with an opportunity to try their aptitude in three areas of manual training. Metal shop is involved primarily with the use of sheetmetal. Students have made file boxes, mail boxes and many other useful articles. Future carpenters begin their career in wood shop. Wooden bowls, goblets and napkin holders were popular this year. The print shop designs and produces many of the pamphlets, programs and tickets for school use. Industrial Arts has been available to both boys and girls.

Mr. Cook

Mr. Emmons

Mr. Borsetti

Mr. Jennemon

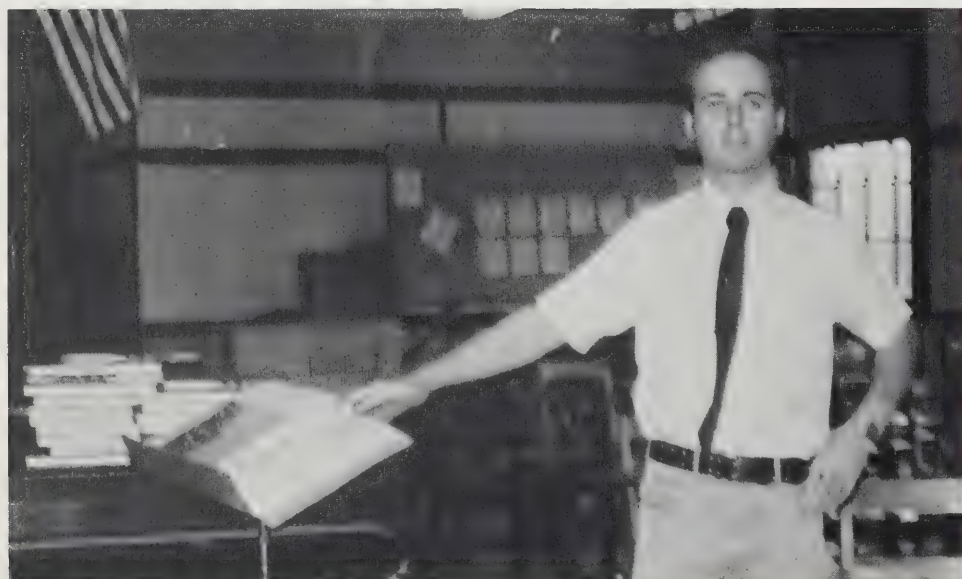

Art And Music

Let it not be said that Briscoe has neglected the finer arts. The music department has given many a talented student the opportunity to learn, understand, and improve his talent while here in Junior High School. The chorus and band are natural outgrowths of these two departments and show without question the success of our music program.

For the student who has artistic talent, from drawing and ceramics to mechanical design, the art department offers a large variety of interesting studies. Aside from the practice of art itself, the fine arts department opens a student's mind to the beauty of the world around him.

Mr. Allen
Mrs. Godding

Mrs. Savageau
Mr. Lovell

SPORTS

Girl's Basketball

Billie Jean King be praised! The spirit of the famous tennis star certainly seems to have survived and flourished in Briscoe's Girls' Basketball team. At the time of this writing they have yet to lose their first game and — have beaten Memorial twice. The girls, under the coaching of Miss Peebles, have shown an outstanding team and school spirit throughout the season. Bobby Riggs had better watch out!

Basketball

Briscoe's basketball team has showed great spirit this year under the able coaching of Mr. Banjoino. Their record at this time stands at 10-3, an impressive one in any league.

The biggest thrill of the season, however, is the joy of rising from defeat in the first game with the Falcons, to triumphing soundly in the second.

Football

The Briscoe football team ended with a winning season after a precarious start. The first game we thought we had a winning team but ended up losing. However, the coach kept us working and we won the next game. This did a lot for our morale, I'm afraid a little too much. We lost the next three in a row and began to get down on ourselves. The coach was mad but we pulled through by winning the remaining games on our schedule. This put us at 4 and 4 just before we played Memorial. Well the Falcons had a little something extra going for them because it was their coach's last game, and they really wanted to win it for him. This didn't help much as you all know, the Falcons, extra incentive and all, got pushed all over the field and we won 24-12.

Cross Country

We had one of Briscoe's best seasons this year. The team was 5-2 for dual meets and the seventh and eighth grades went undefeated. Doug Reynolds was the captain and he did a fine job. The team placed sixth in the regional meet but the big win was when we beat Memorial, both seventh, eighth and ninth grades, by a large margin. Mr. Sexton was the coach. Top competitors for the ninth grade were Doug Reynolds, Rick Frost, Marvin Levine, Rusty Rollins, Bill Carney, Bob Wiseman, Dave Smith and Dave Bresnahan.

Hockey

The Briscoe hockey team is a young one this year and has spent the season learning their task. It hasn't been easy but the boys have never showed any lack of spirit. What they lacked in experience they made up for in enthusiasm and determination.

Next year we are looking for some great things from this fine team.
